Dear Member

You are undoubtedly wondering what progress Enterprise has made since our last communication with you earlier this year.

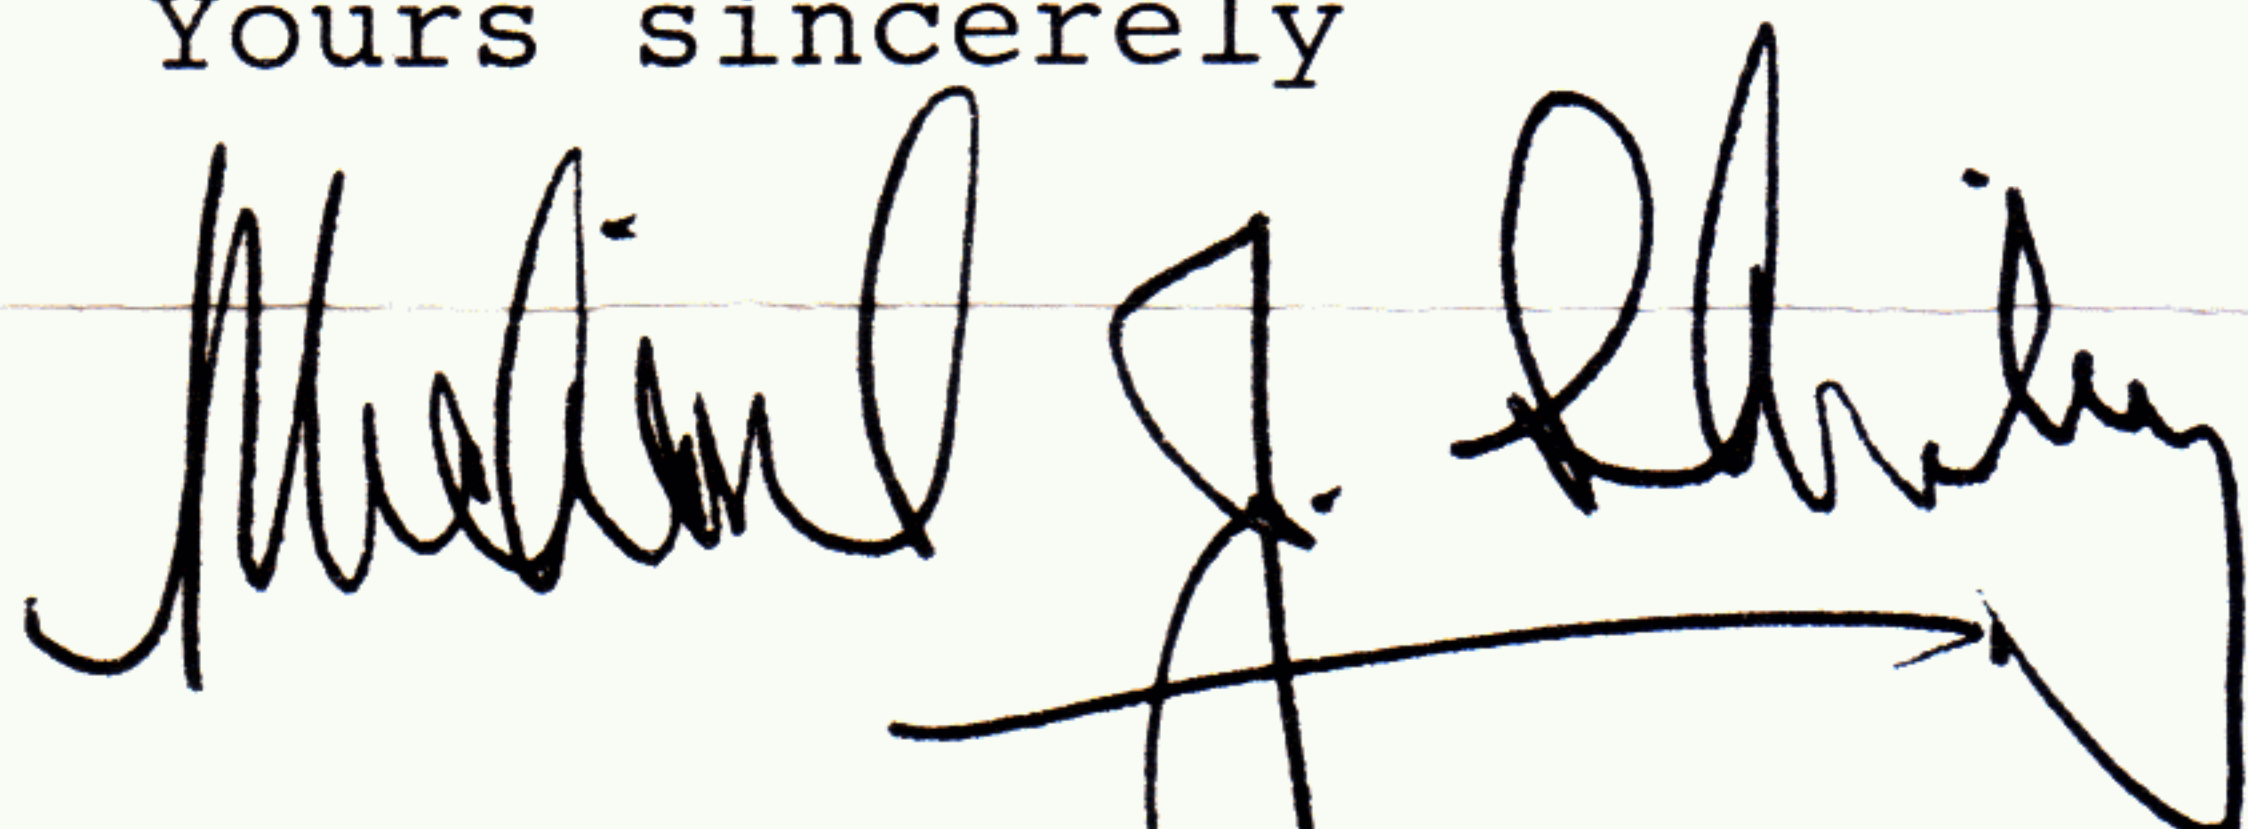

We are pleased to announce that we have recently launched the Enterprise 128 to the trade and press, which is now available from your local stockist (see attached stockist list), retailing for £249.95 inclusive of V.A.T.

For those of you who are interested in the Enterprise 64, the price has now been reduced to £179.95 (R.R.P.).

Software support is increasing, with programs such as Steve Davis Snooker, Heathrow ATC, Cyrus Chess, French is Fun and many others now being available.

Thank you for all your support to date.

Yours sincerely
